

VOLUNTEER COUNSELLORS WANTED

Time to Talk—Bucks is a free confidential Counselling service available to all young people across Buckinghamshire aged 11-25.

We are still recruiting volunteer counsellors to work with us. We welcome enquiries from qualified counsellors and students in the latter stages of their training looking for a placement. We provide excellent support and comprehensive training

All our counsellors are chosen carefully, CRB checked and trained in areas such as Child Protection to work effectively with young people. We are members of BACP (British Association of Counselling and Psychotherapy) and abide by their code of practice.

We have extensive knowledge and experience in counselling. We also have an established counselling service in Reading (Time to Talk: Reading). Counselling provides a safe place for young people to talk through their concerns and problems, to feel listened to, with no judgement, to be respected and encouraged.
